

How to Look Up Documents on ECMC Website (COGIS Database)

To find Form 27s, Workplans, Maps, and other remediation documents related to your T-
parcel or Facility ID on the ECMC system:

Step 1: Go to ECMC Website

Visit: <https://ecmc.colorado.gov>

From the top menu, hover over “Data, Maps, & Reports.”

Step 2: Open the COGIS Database

Click “COGIS Database” > then choose “Inspection/Incident Inquiry.”

Step 3: Use the Remediation Search

- Select "Remediation" at the top of the page.
- In the Facility/Location box, type your Facility ID (you'll need to get this from Abdul after you get your T-number from Chevron).
- You may leave other fields blank.
- Adjust the date range if needed.
- Click Submit.

COGIS - Inspection/Incident Inquiry

Search for:

☐ Inspection ☐ NCOW ☐ Complaint ☐ Spill/Release ☒ Remediation ☐ MIT ☐ Bradenhead

Select county here if you are NOT using API codes:

Well API: County Code: Sequence Code: API numbers only search wells.

Operator: Name or Operator Number

Facility/Location: Name of Facility ID

Location: Qtrgs: Sec: Twp: Range

Remediation: For Remediation search only

Document Number: If entered, all other criteria will be ignored.

Between Dates: 7/1/2020 and 7/1/2024

Limit Records: 100 Records

Step 4: Open the Form 27

Once the results appear, click the blue document number to view the Form 27 details.

COGIS - Inspection/Incident Inquiry

COGIS - Inspection/Incident Inquiry

You requested: Remediation Information

Facility name: 490200

Search Results: Displays 1 - 1 of 1 Records

Date Submitted	Location	Project Number	Facility Type	Facility ID/API	Company Name	Operator #	Rescribed Date
6/29/2020	4902000011	49020	SPILL OR RELEASE	490200	EXXON MOBIL INC	100002	

Step 5: Access the Document Page

This takes you to the detailed Form 27 page. Click the “Doc” icon at the top right to open the full document folder for that project.

COGIS - Remediation Reports

Facility Type	Facility ID	Facility Name/	Operator Name/	Status	Field Name/	Location	Location ID	Related Facilities

Download multiple items at once using the "Download All" button.

Reminder:

You'll need your T# (T-parcel number) from Chevron.

Once you have it, I will provide your Facility ID to start the search.

Let me know once you're ready, and I'll walk you through it if needed!
